FACTS IN SUPPORT OF PETITION

1. A Restriction Requirement was mailed by the Patent Office on March 25, 2005 to an incorrect address. Specifically, the correct address of the attorneys of record is 701 Fifth Avenue, Suite 4800, Seattle, Washington, 98104. The Office Action was mailed to 816 Second Avenue, Seattle, Washington, 98104.

2. Examiner Tung Lau called attorney of record Dale Barr on October 27, 2005 to advise that no response to a Restriction Requirement mailed on March 25, 2005 had been received. After it was discovered that the Restriction Requirement had been mailed to an incorrect address, Examiner Lau then transmitted the subject Restriction Requirement to the attorneys of record on October 27, 2005, and invited the attorneys of record to provide a response by facsimile. (Please see Decl. of Dale Barr, Attachment A). Immediately thereafter, on October 27, 2005, a Response to the Restriction Requirement was transmitted to Examiner Lau by facsimile. (Please see Decl. of Dale Barr, Attachment B). Subsequently, a Notice of Abandonment was mailed on November 17, 2005.

4. Upon further investigation, Applicant has determined that the Patent Office was previously made aware of the correct address of the attorneys of record by one or more means, including the filing of one or more Change of Correspondence Address forms, and also by official change of the address associated with the Customer Number(s) of the attorneys of record. (Please see Decl. of Mark L. Lorbiecki).

5. File records indicate that the USPTO was specifically advised of the correct address of the attorneys of record in the above-referenced patent application. Specifically, the recordation of assignment cover sheet received by the USPTO on or about November 20, 2003 listed the correct address of the attorneys of record. (Please see Attachment C to Decl. of Dale Barr). Also, Applicant's Response to Notice to File Corrected Application Papers filed on

March 12, 2004 also provided the correct address of the attorneys of record to the USPTO. (Please see Attachment D to Decl. of Dale Barr).

6. Furthermore, file records demonstrate that the USPTO had actual knowledge of the correct address in the above-referenced patent application prior to the mailing date of the subject Restriction Requirement which ultimately caused the abandonment of the above-referenced application. Specifically, the Notice of Recordation of Assignment Document was mailed by the USPTO to the correct address on June 16, 2004. (Please see Attachment E to Decl. of Dale Barr). The mailing of the Notice of Recordation of Assignment Document to the correct address on June 16, 2004 demonstrates that the USPTO had actual knowledge of the correct address of the attorneys of record prior to the issuance of the Restriction Requirement (mailed on March 25, 2005 to an incorrect address).

6. Applicants respectfully submit that the foregoing facts constitute adequate grounds for revival of the application under 37 CFR 1.137(a), or alternately, under 37 CFR 1.137(b), and for refunding any and all petition fees and other fees associated with the filing of this Petition and the associated Response to Restriction Requirement.

CONCLUSION

For the foregoing reasons, Applicant respectfully requests that its Petition to Revive under 37 CFR 1.137 and for a refund of all fees associated herewith be granted and that the subject fees be refunded by crediting Applicant's Deposit Account Number 501050. If there are any questions or concerns regarding this Petition, or any matters that may be handled by telephone conference, the Examiner is kindly invited to telephone the undersigned attorney.

Respectfully submitted,
